KN95 Masks (The use of face masks or respirators (N95/KN95) is recommended to reduce transmission of SARS-CoV-2, the virus that causes COVID-19 (1).

All medications – ensure that all meds are packed. Students will be responsible for their own medication; however, their chaperone will monitor them.

Allergy Medicines - For those who suffer from seasonal allergies, please send allergy medication. Temperatures changes drastically in southern states and allergy season will be in full-bloom.

Personal **Hand sanitizers**.

Personal items: toothbrush, toothpaste, deodorant, Soap, etc.

Luggage Information

Each person will be allowed one (1) piece of luggage and one (1) personal items (backpack).

Bring personal devices* - iPad, laptops, gaming consoles, movies (to share with bus).

Headphones must be worn while using personal electronic devices.

*Caring for Young Minds assume no responsibility for personal devices You are responsible for your items.

Carry-On Bag

3.4 ounces (100 ml) or smaller sized containers that fit in 1 quart-sized, resealable bag may go in carry-on and through checkpoint security.

Checked Bag

Containers that are larger than 3.4 ounces (100ml) regardless of amount inside must be in checked baggage.

Parents, please review this with your child(ren). Violation may result in detainment.

TSA Checklist

Before Packing

Liquids, gels and aerosols packed in carry-on must follow the 3-1-1 liquids rule:

- **3.4** ounces or less per container
- **1** quart size, clear, plastic, zip top bag (all liquids must fit in bag)
- **1** bag per passenger
- *Exemptions apply

If purchasing a baggage lock, be sure to look for those that are TSA recognized.

Tape a card with your name and contact information on your electronics.

*Exemptions to 3-1-1 Liquids Rules

Medications

Medications in pill or other solid form must undergo security screening. It is recommended that medication be clearly labeled to facilitate the screening process. Check with state laws regarding prescription medication labels.

You are responsible for displaying, handling, and repacking the medication when screening is required. Medication can undergo a visual or X-ray screening and may be tested for traces of explosives.

3-1-1 Exceptions

3-1-1 Liquids Rule Exemption

TSA allows larger amounts of medically necessary liquids, gels, and aerosols in reasonable quantities for your trip, but you must declare them to TSA officers at the checkpoint for inspection.

Remove medically necessary items from your carry-on bag. These items will be screened separately from your other belongings. You are not required to place your medically necessary liquid, gel, or aerosol in a plastic zip-top bag. If a medically necessary liquid, gel, or aerosol alarms during the screening process, it may require additional screening and may not be allowed.

The 3-1-1 liquids rule exemption allows certain items to be carried in the cabin of the aircraft when the item is declared, and it is:
Required during your flight and/or at your travel destination;

Not available at the airport in the sterile area (after the screening checkpoint) and/or;

Not available at your travel destination.

Common examples of medically necessary liquids, gels, and aerosols include but are not limited to:

Prescription liquids, creams, and gels; and or other medically necessary items;

Hand Sanitizer, up to 12 ounces, until further notice.

3-1-1 exceptions Continue

Common examples of liquids, gels, and aerosols that are NOT medically necessary onboard or are usually available at a destination, and are subject to the 3-1-1 rule, include but are not limited to:

Water, juice, soda, and other beverages, except as necessary for certain health conditions such as diabetes.

Partially solid food items such as spreads, peanut butter, sauces, jams, and jellies.

Sunscreen lotion

Screening

TSA officers may test liquids, gels or aerosols for explosives or concealed prohibited items. If officers are unable to use X-ray to clear these items, they may ask to open the container and transfer the content to a separate empty container or dispose of a small quantity of the content, if feasible.

Inform the TSA officer if you do not want your liquid medication to be screened by X-ray or opened. Additional steps will be taken to clear the liquid and you will undergo additional screening procedures to include a pat-down and screening of other carry-on property.

When Packing

Pack items in layers (shoes one layer, clothes one layer, electronics one layer, etc.)

Firearms are not permitted.

All fireworks contain explosive materials and are not permitted in checked or carry-on baggage.

Do not pack items such as box cutters, utility knives, and razors in carry-on luggage. Razor blades intended for shaving that are enclosed in a safety cartridge in which the blade cannot be removed are permitted.

Pack large electronics on top layer of carry-on for screening accessibility.

Place your 3-1-1 bag with liquids, gels and aerosols in the front pocket of your carry-on for accessibility.

Before Leaving for the Airport

Give yourself enough time to arrive at the airport early. **Report Time to BWI is 4:30a.m.**

Wear easily removable shoes.

Passengers with a disability or medical condition may call ahead to the TSA Cares toll free helpline at (855) 787-2227

In Standard Screening Lane

Remove the 3-1-1 liquids bag and place it in the bin.

Ensure pockets are empty (keys, tissues, currency, wallets, cell phones, etc.) and remove bulky jewelry (valuable items can be placed in carry-on

Remove your shoes and place them directly on the X-ray belt.

Remove personal electronic devices larger than a cell phone from your carry-on bag and place them into a bin with nothing placed on or under them for X-ray screening. (E.g. laptops, tablets, e-readers and handheld game consoles.)

Remember to check the bins and collect all belongings after going through screening.

While on Tour

- ▶ All students will follow the instructions of their chaperone.
- ▶ While on the plane, bus, and on some campuses, mask wearing is encouraged.
- ▶ Recommend you wear comfortable shoes.
- ▶ Will be required to journal for each college or university we visit. Student journals will be issued by CFYMs.

Items Prohibited While On Tour

- ▶ Disrespect of anyone in authority (chaperones, staff, and parents).
- ▶ Drugs or any kind
- ▶ Smoking, vaping, or inhaling any substance.
- ▶ Guns and ammunition
- ▶ knives, or any sharp objects
- ▶ Harmful chemicals of any kind
- ▶ Profanity(written or spoken)
- ▶ Bullying
- ▶ Discrimination of any kind (race, sexual orientation, or disability, etc.).

Final Note

While on tour, our chaperones and staff take great care of your child(ren); however, there are also those who go beyond to make everything safe and clean - our bus drivers. These unsung heroes pick-up and clean the buses everyday after a long day of tour and provide fresh amenities for the next day's travel. At the end of the tour, it is customary that we provide each bus driver a "tip" which expresses our appreciation.

Please consider making a monetary donation of a minimum \$20 for this request. See the staff member at the final meeting on March 29 or at check-in on Departure Day. Thank you in advance for your donation.
